WHO ARE WE?

North Carolina Cooperative Extension - Jones County Center is an educational partnership helping people put research-based knowledge to work for economic prosperity, environmental stewardship, and an improved quality of life. Our partnership includes the U.S. Department of Agriculture, North Carolina State University, North Carolina A&T State University, and Jones County Government. The Jones County Center's goal is to work with specialists, state/local agencies, and local leaders/volunteers to provide educational programs that improve the quality of life in Jones County. An Advisory Leadership System (ALS), consisting of local leaders/volunteers, is utilized for educational program direction.
